# Marketplace

The Cloud Assess Marketplace offers RTOs access to a broad range of training and assessment resources, forms and templates. Presented in a user friendly online shop where all resources are ready for you to buy and edit to your requirements.

## Benefits for Cloud Assess users include:

### Quick & Easy

Once you purchase your resource there is no need for paper or uploads and downloads. Effortlessly manage your new content securely in your app.

---

### Contextualise

Flexible for any RTO or training department to use, resources are pre-built and mapped, where applicable, ready for you to contextualise to your requirements.

---

### Scalable

Be quick to market with new course or content offerings and scale up rapidly. You can even offer your content as a new revenue stream.

---
